

The background features a blue-tinted image of two scientists, a woman on the left and a man on the right, both wearing safety glasses and lab coats. They appear to be in a laboratory setting. In the bottom left corner, there is a semi-transparent image of a globe showing the Americas. The overall theme is scientific and global.

NEW MED

DELIVERING ON OUR STRATEGY

Company Presentation

January 2018

ABOUT US

- New Med is an independent, privately owned company that provides a wide range of high-quality services to bio- and pharmaceutical companies for the region of South East Europe.
- New Med was founded in 2008. as a Partner of several pharmaceutical companies. In that short period of time, we are proud to have become recognized by our partners as a company that:
 - *understands the market's needs*
 - *provides competent services*
 - *creates the best solutions*
 - *offers a different approach focusing on long-term relationships*
- New Med team consist of highly educated, skilled, competent and motivated people – physicians, pharmacists, clinical pharmacologists molecular biologists, dentists, and economists.
- The network of our offices, based on excellence and unique know-how in order to ensure a focused and modern marketing approach, has resulted in New Med being one of the fastest growing companies in the Region.

We offer distinct advantages with:

- ✓ *Integrated full-service solutions to our partners*
- ✓ *Compliance record – trained and educated team and management*
- ✓ *“Fast track” registration and reimbursement procedures and reduced time to market*
- ✓ *“Roof control” in all segments of cooperation in the Region*
- ✓ *Reduced headcount*
- ✓ *Local legal entities in the Region with established network, structure, extensive sales forces*
- ✓ *Centralized control and management of all ordering, distribution and payment procedures in the Region with 10 local sub distributors*
